## WARRANTY CERTIFICATE

- The products manufactured by **Lombardini S.r.l** are warranted to be free from conformity defects for a period of 24 months from the date of delivery to the first end user.
- For engines fitted to stationary equipment, working at constant load and at constant and/or slightly variable speed within the setting limits, the warranty covers a period up to a limit of 2000 working hours, if the above mentioned period (24 months) is not expired.
- If no hour-meter is fitted, 12 working hours per calendar day will be considered.
- For what concerns the parts subject to wear and deterioration (injection/feeding system, electrical system, cooling system, sealing parts, non-metallic pipes, belts) warranty covers a maximum limit of 2000 working hours, if the above mentioned period (24 months) is not expired.
- For correct maintenance and replacement of these parts, it is necessary to follow the instructions reported in the documentation supplied with each engine.
- To ensure the engine warranty is valid, the engine installation, considering the product technical features, must be carried out by qualified personnel only.
- The list of the **Lombardini S.r.l** authorized dealers is reported in the "Service" booklet, supplied with each engine.
- Special applications involving considerable modifications to the cooling/lubricating system (for ex.: dry oil sump), filtering system, turbo-charged models, will require special written warranty agreements.
- Within the above stated periods **Lombardini S.r.l** directly or through its authorized network will repair and/or replace free of charge any own part or component that, upon examination by **Lombardini S.r.l** or by an authorized **Lombardini S.r.l** agent, is found to be defective in conformity, workmanship or materials.
- Any other responsibility/obligation for different expenses, damages and direct/indirect losses deriving from the engine use or from both the total or partial impossibility of use, is excluded.
- The repair or replacement of any component will not extend or renew the warranty period.

Lombardini warranty obligations here above described will be cancelled if:

- **Lombardini S.r.l** engines are not correctly installed and as a consequence the correct functional parameters are not respected and altered.
- **Lombardini s.r.l** engines are not used according to the instructions reported in the "Use and Maintenance" booklet supplied with each engine.
- Any seal affixed to the engine by **Lombardini S.r.l** has been tampered with or removed.
- Spare parts used are not original **Lombardini S.r.l**.
- Feeding and injection systems are damaged by unauthorized or poor quality fuel types.
- Electrical system failure is due to components, connected to this system, which are not supplied or installed by **Lombardini S.r.l**.
- Engines have been disassembled, repaired or altered by any part other than an authorized Lombardini agent.
- Following expiration of the above stated warranty periods and working hours, **Lombardini S.r.l** will have no further responsibility for warranty and will consider its here above mentioned obligations for warranty complete.
- Any warranty request related to a non-conformity of the product must be addressed to the **Lombardini S.r.l** service agents.

## General service manual notes

- Use only genuine **Lombardini S.r.l** repair parts.  
Failure to use genuine **Lombardini S.r.l** parts could result in sub-standard performance and low longevity.
- All data presented are in metric format. That is, dimensions are presented in millimeters (mm), torque is in Newton-meters (Nm), weight is in kilograms (Kg), volume is in liters or cubic centimetres (cc) and pressure is in barometric units (bar).
- **Cylinder number one**: is the flywheel side piston.
- **Rotation direction**: anticlockwise (viewed from the flywheel side of the engine).
